OUTDOOR LCD PORTABLES / LCD

55-inch Motorized Double-sided LCD Display

A large 55-inch dual-face LCD format with a motorized tilt configuration, suited to project reviews where viewing angle, access and two independent audiences need coordination.

Generated product illustration. Final appearance and selected configuration require confirmation.

Installation: Floor-standing

PARAMETER	PUBLISHED VALUE / OPTION
Environment	Outdoor project · exposure and enclosure approval required
Display technology	LCD
Screen size	55 inches per face
Screen layout	Double-sided
Mechanism	Motorized tilt configuration
Mobility	Wheeled base · loaded dimensions to confirm

Product highlights

• A larger dual-face canvas for prominent campaign positions.

• Specify the operating tilt around real viewing heights.

• Coordinate independent content, power and mechanical controls in one quotation.

Specification notes

Planning specification: confirm the selected panel, enclosure, battery and software in the written quotation. The generated studio image illustrates the format and finish; it is not a weather test or a delivered-unit photograph.

Application and deployment planning

Applications: Large retail approaches · Shopping-plaza promotions · Managed event entrances

Content: Use large product details and simple transitions. For distinct audiences, prepare two playlists and confirm output mapping for the selected player.

Deployment: A larger panel changes the moving mass and wind exposure. Review floor loading, actuator limits, locking, handling equipment and the protected charging position.

Confirm before ordering

- Permitted tilt, actuator load, emergency stop and mechanical stability
- Enclosure test documents, connector protection, ambient temperature and placement limits
- Battery chemistry, capacity, charge time and runtime at the agreed brightness

Warranty and project support

2-year factory warranty. Coverage, start date and service arrangements are documented in your order agreement.

Factory location: Bao'an District, Shenzhen, China. Contact us for the street address and a visit appointment.

Warranty scope and support procedure

Document basis

This sheet compiles the specifications and planning information published on the product page for this edition. Pending or configuration-dependent items remain subject to written confirmation; this is not a test report, certification or final order specification.
