INDOOR LCD PORTABLES / LCD

32-inch Rotating Indoor LCD Display

A 32-inch indoor LCD on a pivoting pedestal, for projects that alternate between landscape presentations and portrait information without replacing the stand.

Generated product illustration. Final appearance and selected configuration require confirmation.

Installation: Floor-standing

PARAMETER	PUBLISHED VALUE / OPTION
Environment	Indoor
Display technology	LCD
Screen size	32 inches
Screen layout	Single-sided · portrait / landscape rotation
Structure	Pivot column with mobile base
Power planning	Mains or optional battery configuration

Product highlights

• Switch artwork orientation around the current campaign.

• A small pedestal format for reception and showroom positions.

• Touch and battery requirements can be evaluated during configuration.

Specification notes

Planning specification: confirm the selected panel, enclosure, battery and software in the written quotation. The generated studio image illustrates the format and finish; it is not a weather test or a delivered-unit photograph.

Application and deployment planning

Applications: Hotel reception information · Retail product demonstrations · Corporate welcome areas

Content: Prepare orientation-specific templates and test how the player handles a rotation change. For interactive content, confirm touch coordinates in both orientations.

Deployment: Allow room for the panel to rotate without hitting furniture or people. Confirm the pivot lock, base stability and any cable movement through the support column.

Confirm before ordering

• Rotation limits, locking, usable height and cable routing

• Touch option, supported orientation and software compatibility

• Battery chemistry, capacity, charge time and runtime at the agreed brightness

Warranty and project support

2-year factory warranty. Coverage, start date and service arrangements are documented in your order agreement.

Factory location: Bao'an District, Shenzhen, China. Contact us for the street address and a visit appointment.

Warranty scope and support procedure

Document basis

This sheet compiles the specifications and planning information published on the product page for this edition. Pending or configuration-dependent items remain subject to written confirmation; this is not a test report, certification or final order specification.
