OUTDOOR LCD PORTABLES / LCD

32-inch Rotating Outdoor Menu Display

A compact 32-inch LCD menu format with a rotatable screen and wheeled battery-base configuration for storefronts where content orientation and power access both matter.

Generated product illustration. Final appearance and selected configuration require confirmation.

Installation: Floor-standing

PARAMETER	PUBLISHED VALUE / OPTION
Environment	Outdoor project · exposure and enclosure approval required
Display technology	LCD
Screen size	32 inches
Screen layout	Single-sided · portrait / landscape rotation
Support	Pedestal with round mobile base
Power planning	Rechargeable battery configuration

Product highlights

• Rotate the content layout to match a short menu or a portrait promotion.

• A pedestal format keeps the display separate from the battery-base footprint.

• Plan relocation, charging and daily content updates as one operating workflow.

Specification notes

Planning specification: confirm the selected panel, enclosure, battery and software in the written quotation. The generated studio image illustrates the format and finish; it is not a weather test or a delivered-unit photograph.

Application and deployment planning

Applications: Café entrance menus · Restaurant pickup information · Temporary food-service promotions

Content: Prepare separate portrait and landscape artwork. Use a small set of large food photographs and readable menu groups; check the layout at the actual customer viewing distance.

Deployment: Measure the clear pedestrian route and base footprint. Agree the permitted exposure, stability method and charging location before planning a cable-free service period.

Confirm before ordering

- Battery chemistry, capacity, charge time and runtime at the agreed brightness
- Enclosure test documents, connector protection, ambient temperature and placement limits
- Rotation clearance, locking method, base dimensions and content software

Warranty and project support

2-year factory warranty. Coverage, start date and service arrangements are documented in your order agreement.

Factory location: Bao'an District, Shenzhen, China. Contact us for the street address and a visit appointment.
