Product highlights

• A tall portrait display that folds between its upper and lower sections.

• Network publishing for scheduled campaigns.

• Multiple units can be planned as a joined display.

Specification notes

Specifications describe a product series; confirm the selected pitch, cabinet drawing and operating conditions before ordering. The image is a generated product illustration, not a photograph of a delivered unit.

Confirm before ordering

• Folded height, locking mechanism and base

• Controller and combined-screen resolution

• Packing dimensions and gross weight

Warranty and project support
